PINE CONE
OF 1957**

presented by

of

New Boston High School

New Boston, Texas

FOREWORD

We have to the best of our ability represented a true picture of our school days. Our purpose has been to keep bright the memories which grow dim in the future; to keep fresh the friendships we have formed in High School. If we have succeeded in this aim, our work has not been in vain.

The Pine Cone Staff

BHE

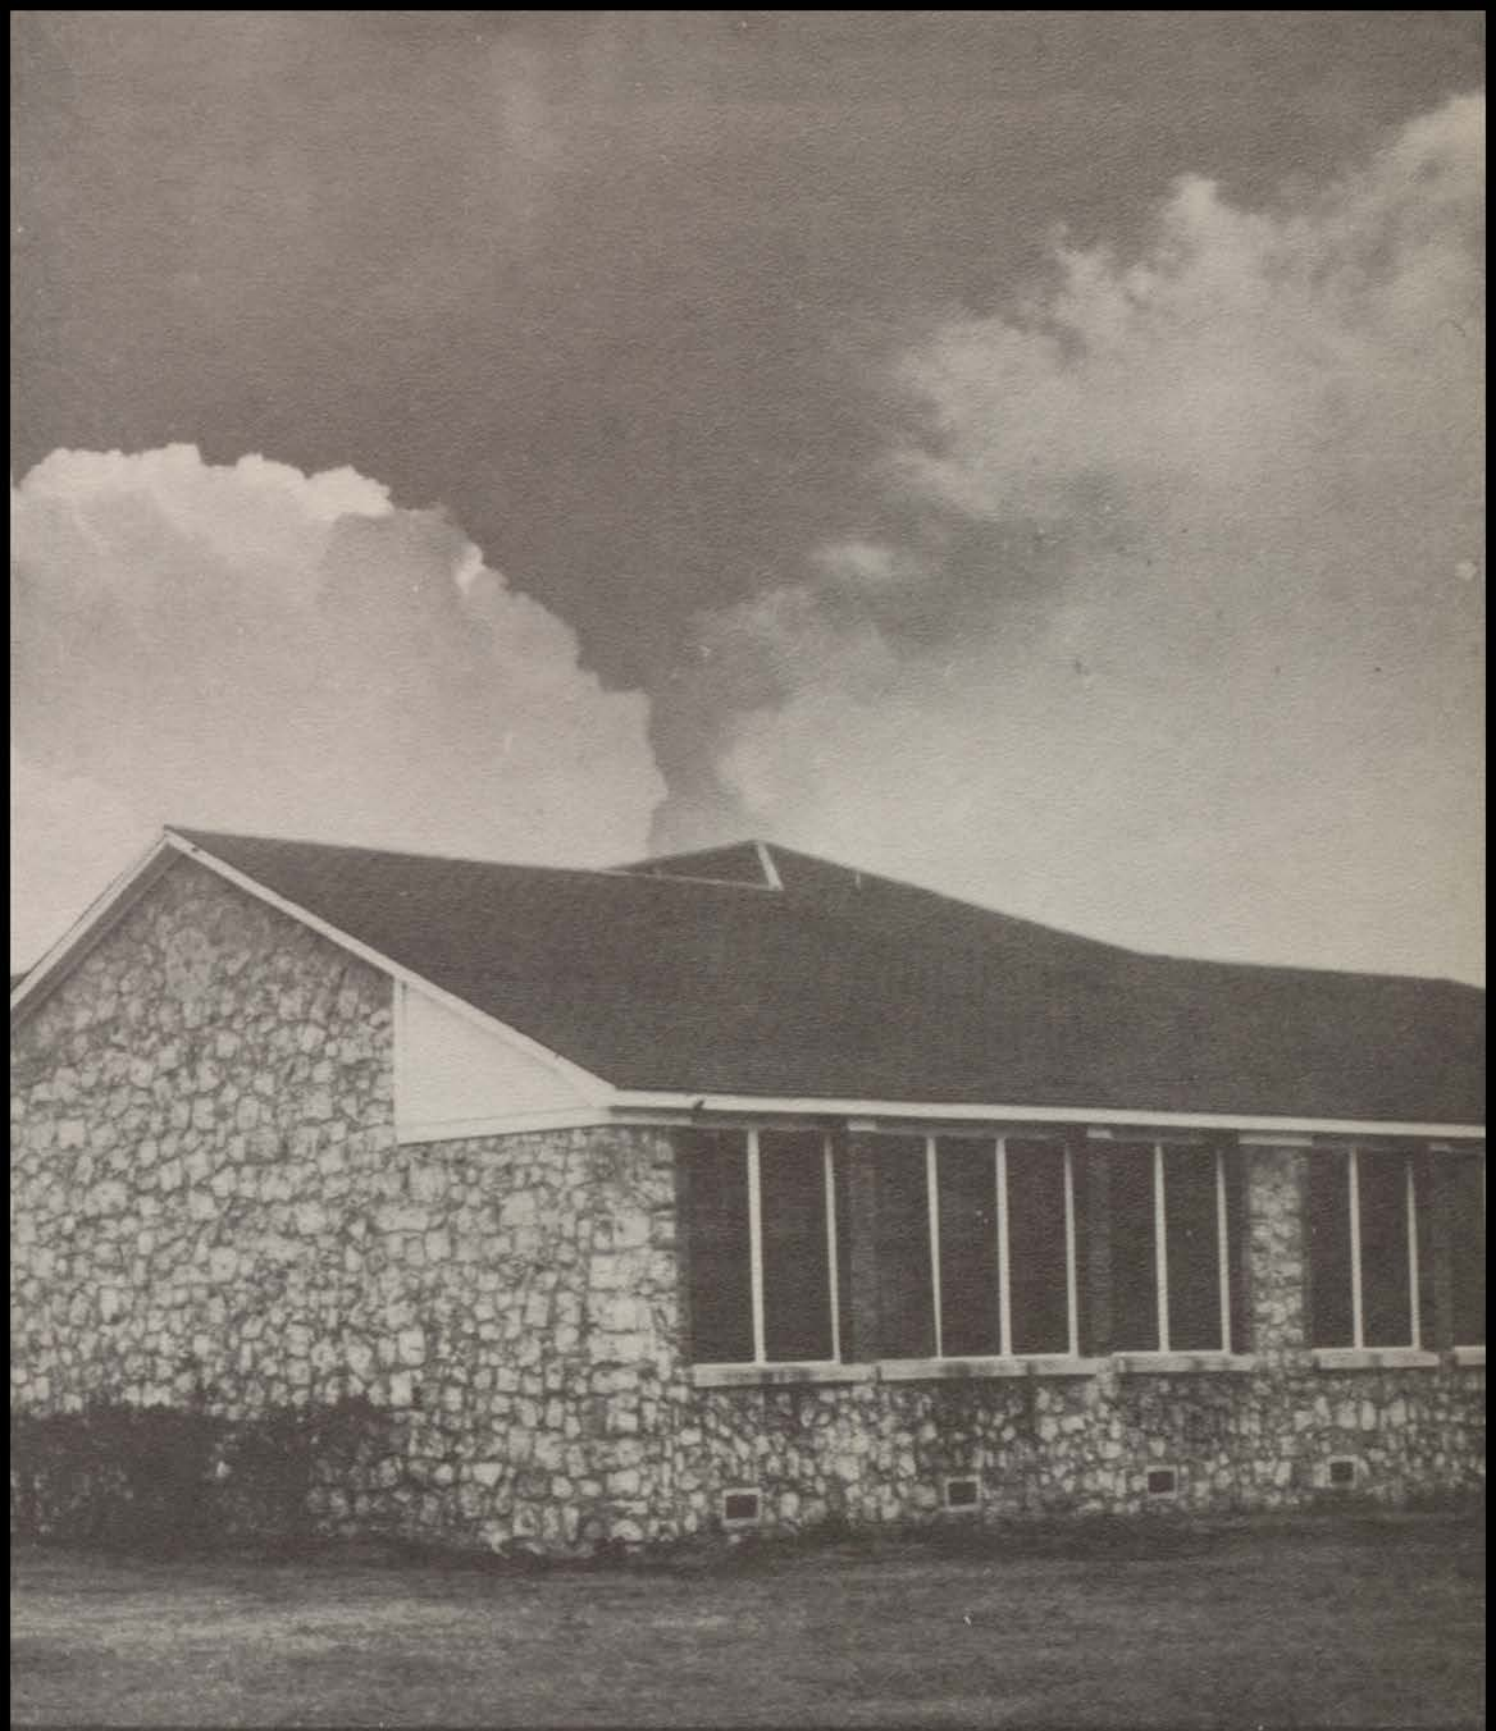

We, the Senior Class of New Boston High, lovingly dedicate Our Pine Cone of 1957 to the memory of our beloved friend and teacher, Mr. L. P. Cregg.

Dear Peggy,

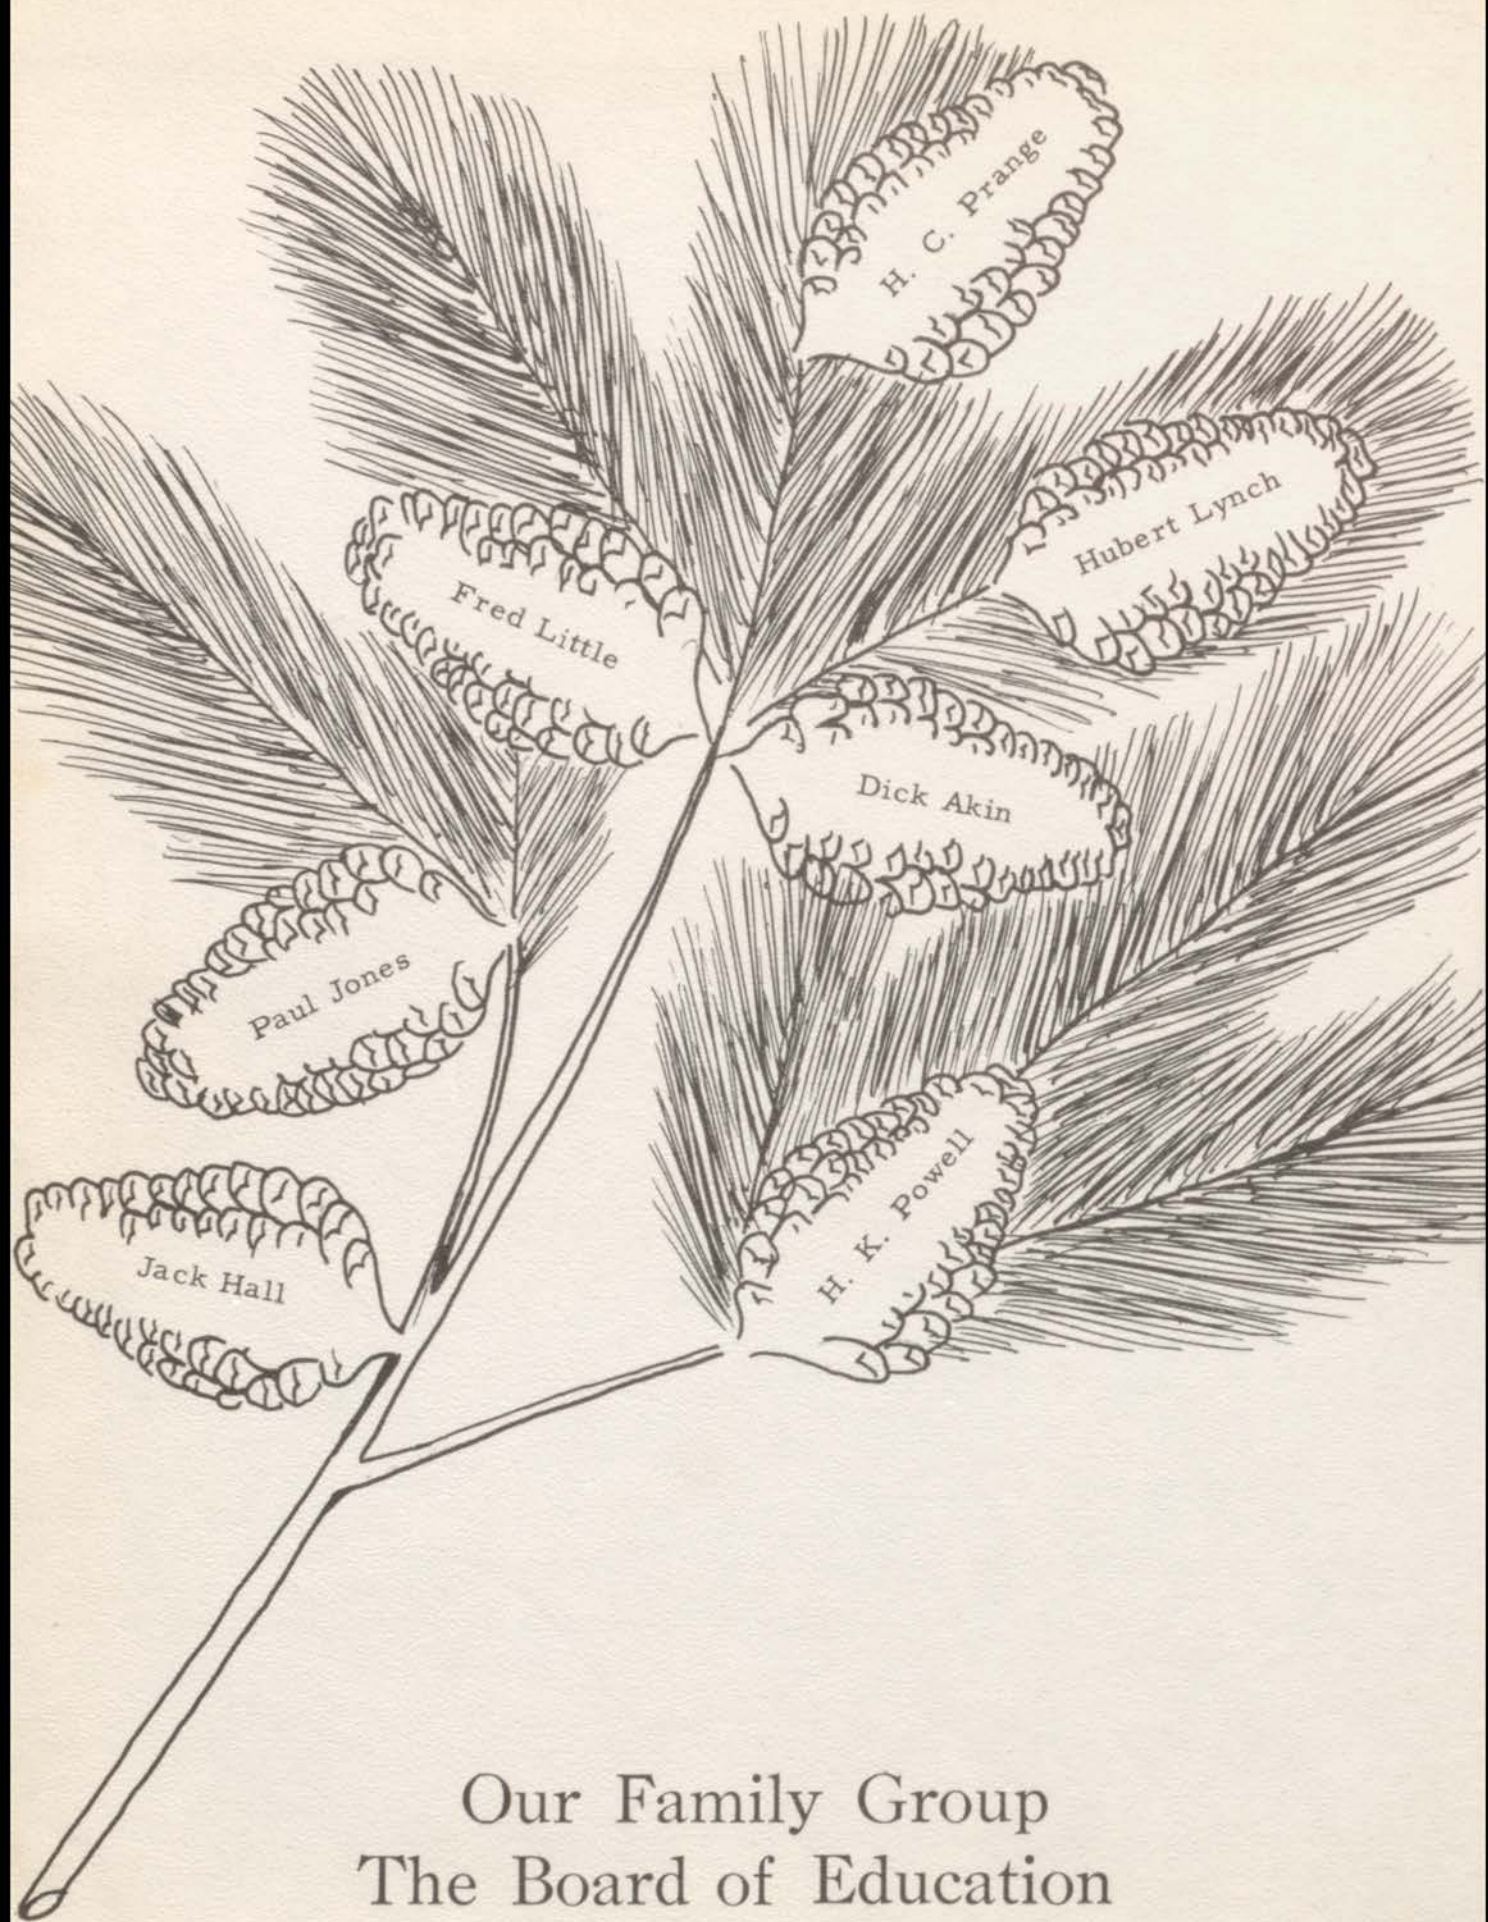

I can't add much of anything
that's different but I guess
I can say it again. It has been
a pleasure living by you and
being your friend. I have always
felt free to call on you when I
need something and I hope you
have felt the same way. Though
we have been together alot we
haven't jussed much and that's
a wonder. Ha! I hope we will
always continue to be the best
of friends. Maybe we'll both
be together next year in the line
Always a friend

WELDON McCORD, Superintendent

NEW BOSTON, TEXAS

We, in the United States, like to measure our "go power" in ages. Is it the machine age, electronic age, atomic age, or get age? We are in the middle of all these ages at once and they are all wrapped up in one package. It is my sincerest wish that the instruction that you have received will enable you to take your place in the world of tomorrow.

Your answers are important to your own future happiness and to the strength and progress of the world about you. It can truly be said that you are keeping a date with history. No generation before you has ever had so great an opportunity, or has ever been so well equipped, to shape the course of human events. You have inherited enormous economic strength, rapid means of communication and transportation, a vast new source of energy, brilliant technical and scientific skills, a spirit of inquiry and enterprise and a very practical faith in the almost infinite capacities of free individuals. What will you do with all this at your command?

Our Principal

It is not often that one meets a man who has combined in him integrity, fair-mindedness, honor and high virtues. Such a man is Hubert Simpson. This school is indeed proud to have him as our principal. Where such a sincerity of purpose exists there will be no outcome but success. The entire student body wishes Mr. Simpson the best of luck in his position.

 The Senior class have already begun the new semester with intentions and dreams for a wonderful year of studying, school activities, and class functions. The first thing on their minds now is receiving their class rings, which will be sometime within the month. Next will be planning for the Annual and the Senior play.
